Spring 2022

Dear Camp Families,

We hope that everyone had a very good winter and are ready for the summer. We are excited for another summer here in Rosendale. Camp will run from June 27th-August 19th consisting of 4 sessions, each 2 weeks long. Any youth from ages 5 to 12 years old may attend camp with a small number of spots for 13-14 year olds. The camp day runs from 9:00am-3:00pm Monday through Friday with before (7:30am) and after (5:30pm) camp options as well.

Rates this year are \$175 for Rosendale residents and \$275 for non residents per session. Price breakdown is also on the second page of the application. We do not offer any split session pricing. Payment at time of registration is preferred but we will take a deposit to hold your spot. The deposit is \$50 per session per camper and is only refundable if you withdraw before June 15th. Full payment is due for all sessions by the 15th and any sign ups after that, payment is due at time of registering. Any camp withdraws after June 27th, no matter the session, will not get a refund with a few exceptions. When you sign up for camp, you take a spot away from someone else that might have wanted to go. To help make sure everyone gets a chance to go to at least 1 session, anyone wanting the whole summer will only be able to register for 3 of the 4 sessions and put on a waitlist for the 4th session they want. If there is room in that 4th session you want by June 15th you will get a spot.

Camper spots are set based on the counselor groups and some age groups fill up faster than others. Please check with me on availability, especially after the initial registration. Counselor groups are divided by **the grade the camper is entering**. Please make sure that is correct on the application. Campers will spend their day doing various activities ranging from very active games, table activities, group and individual activities, arts activities and swimming each day. We have themes, special guest activities, and all camp activities.

We are overseen by the Ulster County Department of Health and have to adhere to specific requirements. One is that campers must be up to date on their vaccines just as required for school. Copy of your campers immunization is needed and preferably at the time of registration. It's a lot to track these down once camp starts. As of right now, we don't know what covid mitigation policies that will be in place. These will depend on the guidance from the DOH and what the community spread is looking like at a given time.

The following is the camp registration packet. It includes this registration letter, our behavior policy, the tee-shirt design contest sheet, NYS Summer Camp pamphlet, and the 2022

Rosendale Summer Day Camp Application. The only thing I need back from you is the camp application which is 4 pages long. I will have copies of this at the youth center for those that don't have printer access. In addition to the application, a copy of immunization records is needed.

We are excited for another great summer at Rosendale Summer Day Camp. If you have any questions don't hesitate to reach out. If coming in to register, afternoons are the best time since that is when the center is open. As we get closer to camp, a welcome packet will be emailed out. This will have info on the day to day things you may need to know such as themes, what to bring, etc. We thank you for looking at Rosendale for your summer fun needs.

Welcome to Town of Rosendale Summer Day Camp, operated at the Rosendale Recreation Center (1055 Route 32) by the Rosendale Youth Program. Camp is open to children age 5 through 12 at the start of their session. The camp day runs from 9:00am until 3:00pm with drop off between 8:45am-9:30am. **Please note that camp takes place in a public park and even with all the covid-19 mitigation protocols there is still a chance for cases to arise.** To help ensure everyone gets a chance to attend, you may only sign up for 3 sessions. If you want a 4th session, indicate that session with the word "wait". After June 15th, those waiting for their 4th will be enrolled if there is room. We do offer a before camp (starting at 7:30am) and after camp (until 5:30pm) program for an extra fee.

- Fees: Town of Rosendale residents \$175 per session
- Non-Residents \$275 per session
- Pre-camp (starting at 7:30am) \$50 per session
- Post-camp (until 5:30pm) \$60 per session
- Camp Tee-shirt (optional) \$12

Checks are made out to "Town of Rosendale DFY"

Please indicate which session(s) you would like to enroll into. If you're looking for 4 sessions, check off the 3 sessions that you definitely want and write "wait" on the 4th session. Please also indicate below if you would like pre camp or post camp.

TOWN OF ROSENDALE SUMMER DAY CAMP 2022

_____ has my permission to attend the Rosendale Summer Day Camp sponsored by the Town of Rosendale Youth Program. Permission is hereby granted to use my child's name and photo to publicize the program.

I understand that my child will be participating in recreational activities involving complete use of such facilities and related equipment. I have read and will go over with my child the Camp Behavior Policy.

I have been given an opportunity to investigate said program and have independently answered all questions concerning said activities and the supervision of my said child, to my complete satisfaction.

I, the undersigned, hereby agree to assume all risk associated with said program and to indemnify and hold harmless the Town of Rosendale and the Rosendale Youth Commission from any and all damages resulting from liability arising out of said program including transportation associated therewith and all activities relating thereto.

I have read the foregoing permission form and hold harmless agreement and fully understand the same.

This agreement may not be changed or modified orally. I have not relied on any representatives of the Town of Rosendale or the Rosendale Youth Center, it's Director, agents, servants, or employees not expressly contained herein.

By signing below I give permission to the staff of the Rosendale Day Camp to help apply sunscreen to my child if needed/requested.

Signature of Parent/Guardian: _____

The Rosendale Day Camp is licensed by the NYS Dept. of Health, and is inspected twice yearly. Inspection reports are on file at the Ulster County Department of Health, 239 Golden Hill Lane, Kingston, New York.

The Town of Rosendale Youth Program offers services to participants regardless of race, creed, color, national origin, economic status, sex or disability.

The Rosendale Youth Program is funded by the Town of Rosendale, individual, business, and corporate donors, as well as grants when available.

Demographics: This helps us with applying for grants. It is only used in total statistics of the camp and no individual names are used. It is optional to fill out.

Please check what applies:

_____ White _____ Black or African American _____ Hispanic or Latino _____ Asian

_____ American Indian or Native Alaskan _____ Native Hawaiian or Other Pacific Islander

_____ Two or more Races _____ Other not listed: _____

Camper Name: _____

Camper Get to Know You and Health Info

This sheet is for us to know a little more about your camper to help us better serve them at camp. It is also where the health info will be located. It is important to fill it out as best as you can. **In addition to this sheet we need a copy of your child's immunization records or exemption letter as per Department of Health Regulations.** Any questions don't hesitate to ask.

Health Info

Please list any major illness or injury your child has had in the past that may be something that affects your campers camp experience. .

Allergies: _____ Symptoms: _____

Plan if having reaction: _____

Family Physician: _____ Phone Number: _____

Health Insurance provider and policy/plan number: _____

Any Medication needed to be taken at camp (another form will need to be filled out)? Y or N

Get to Know You Section

My child is able to take the swim test in order to swim in the deep end of the pool. YES NO

Preferred Activities: _____

Restrictions, fears and dislikes: _____

Let us know anything that can help us do better: _____

This health history is correct so far as I know, and the person herein described has permission to engage in all prescribed camp activities except as noted by me.

I hereby give permission to the physician selected by the camp director to order x rays, routine tests, and treatment for the health of my child, and, in the event I or my emergency designees cannot be reached in an emergency, I hereby give permission to the physician selected by the camp director to hospitalize, secure proper treatment for, and to order injections, anesthesia , and/or surgery for my child as named above.

Rosendale Summer Day Camp Behavior Policy

It is the goal of the Town of Rosendale Summer Day Camp to provide a safe, fun, nurturing, and healthy environment for all participants, visitors, and staff in our program. At camp, we promote and teach character values such as kindness, respect, integrity, cooperation, and understanding. Children (participants) that attend our camp are expected to adhere to the following behavior guidelines while interacting with staff, visitors, and other participants.

The following behaviors are not acceptable at Town of Rosendale Day Camp:

- Endangering the health and safety of participants and/or staff members
- Stealing or damaging youth program equipment, the facility or personal property
- Engaging in any violent behavior including but not limited to hitting, pushing, biting, etc.
- Bullying of any kind, including cyber bullying
- Leaving the program site or property without permission
- Continuing to disrupt the program
- Refusing to follow the behavior guidelines or program rules
- Use of profanity
- Acting in a lewd manner

When participants are not following the above guidelines the following actions will be taken:

1. Staff will redirect participant to a more appropriate behavior.
2. Staff will go over with the participant the behavior guidelines and camp rules they are not following and work with them on other choices they can make. Staff will document the incident(s) in the behavior log and what corrective action was taken.
3. If behavior requires a consequence beyond redirection, a parent/guardian will be notified that day of the situation by staff. The first notification will count as a warning for temporary suspension from the program. If the inappropriate behavior continues, the participant may be asked to not return to the program for a set amount of time. This amount of time is based on the decision of the camp director and/or youth director.
4. If behavior continues upon return, then a conference will be called with the parent/guardian so that together they can determine an appropriate action to be taken.
5. Should a participant exhibit behavior deemed unsafe to themselves, other participants, or staff by the Camp Director and/or Youth Director, or if the behavior becomes so that

we are not able to be fully focused on the remaining participants and the duties of running a safe program, the above steps can be skipped, the Town of Rosendale Day Camp will require a parent/guardian to arrange immediate pick-up of the child from the premises. If the parent is unreachable, then emergency contacts will be contacted.

6. If an individualized plan has been created under the agreement of the parent/guardian and Camp/Youth Director, then this policy will be applied. If the behavior it was desired to decrease is continuing, the Camp Staff and/or Director have the right to implement other methods to decrease and/or eliminate the behavior. The parent/guardian will be notified.
7. Immediate expulsion will occur if a participant is in possession of and/or using tobacco, alcohol, illegal drugs, firecrackers, firearms or other weapons, or explosives and police may be involved.
8. If a problem persists and a participant continues to disrupt the program, the Town of Rosendale Day Camp reserves the right to suspend the child from participation in the program for a specified period of time. Permanent termination from the program will be considered in extreme situations.

2022 Summer Camp Covid Procedures and Guidelines

As we enter the second year of camp during covid-19 things will be different than last year but it may also change throughout the summer depending on what the community spread is looking like. This is to outline the different safety procedures for Covid-19. Camp is overseen by the DOH and they have guidelines that we must follow along which are usually based on what the CDC is recommending. (updated 3/14/22)

- ❖ We will not be doing a health check for campers as they arrive. We do stress though that parents stay on top of their health and how they're feeling. **If your camper is not feeling well, it's best to stay home.** If cases are high, we would resume health screenings.
- ❖ When community spread is low, then masks will be optional to wear. If recommendations are to wear masks while indoors, then they will be needed while for art and while using inside the rec center. It all will depend on what the DOH is recommending.
- ❖ If spread is low and we are allowed to, then there will be some times where groups are mixed together such as rec and skill. We will still have hand sanitizer around camp and sanitize hands in between activities. However if the guidelines are the same as last year then counselor groups will remain static. Campers will remain with their counselor group during the camp day. There won't be any mixing of the groups to do activities.
- ❖ Increased cleaning and sanitation procedures are in place. Please refrain from bringing extra toys or items from home that aren't needed for camp.
- ❖ Campers that become ill during the day will be isolated and parents will need to come to pick up. A doctor's note may be requested before returning to camp.
- ❖ If a parent or member of the household has to be isolated due to a positive test or symptoms of Covid-19 they are not allowed on the premises for any reason, including picking up. Please utilize an emergency contact to pick up that day. If a parent or household member is isolating out of precaution, and doesn't have a positive test or symptoms, the camper can be walked out to their vehicle but the parent should remain in the vehicle. The camper may not return to camp until all members of the household are not in quarantine or isolation. Please contact us as soon as possible after finding out so we can make these arrangements. The camper needs to be picked up as soon as possible during these situations.
- ❖ Camp takes place at a public park. We don't let campers interact with the public but we are in the same area as them at some times.
- ❖ With all the safety precautions in place, there is still a chance for spread to occur. The camp is monitored by the health department and if cases arise, the DOH will be notified right away and they will guide us on what to do from there.

Rosendale Day Camp Tee-Shirt Design

We are opening up our tee shirt design to you. Submit a drawing in the box below by May 25, 2022. You can drop off drawings at The Youth Center or mail to Rosendale Youth Program, 1915 Lucas ave. Cottkill, NY 12419. One of the designs will be implemented into the tee-shirt design.

Guidelines for drawing: We want it to represent summer and camp so we are looking for drawings of what reminds you of camp or things that you like to do at camp. The drawing has to be one color because it will only be one color ink on the shirt. This includes the outline so if you draw with pencil first and want to fill it in, then draw lightly so the outline can be erased. Use the whole box and be creative. Any questions contact Matthew McCluskey at the Youth Center 658-8982.

Name:

Age:

Phone:

Camp Safety

Are the camp facilities and activities safe?

The camp operator must develop a written plan to include maintenance of facilities, provisions for training staff members and orientation of campers, supervision of campers, campsite hazards, emergency procedures and drills, safety procedures and equipment for program activities.

Swimming

Are waterfront personnel qualified?

Are campers always supervised while in the water?

All waterfront activities at camps in New York State must be supervised by an experienced certified lifeguard or water safety instructor. On site, one qualified lifeguard is required for every 25 bathers. All aquatic staff are required to be trained in cardiopulmonary resuscitation (CPR).

Camps that use off-site pools or beaches operated by others must make special arrangements to provide a safe activity. Even off site, the camp remains responsible for supervising campers.

Some children's camps use sites for swimming that are not inspected by local health departments. Parental permission is required in these instances, and the camp must follow established guidelines to protect campers.

While campers are involved in aquatic activities on site, there must be one counselor for every 10 campers eight years or older; there must be one counselor for every eight children aged six and seven; and one counselor for every six children younger than six years old. When swimming off-site, there must be one counselor for every eight campers six years or older and one counselor for every six campers younger than six years.

Are bathing areas marked off for various swimming skills? Are campers tested to determine their level of swimming ability before participating in aquatic activities? Are nonswimmers kept in water less than chest deep? Is the buddy system used? Are campers required to wear life preservers when boating or canoeing?

New York State regulation requires that the answers to all these questions must be "yes."

Camp Trips

Are camp trips supervised by counselors who have the maturity and experience to make decisions that could affect the safety of campers?

All trips must be supervised by a trip leader who is at least 18 years old and competent in the activity. Counselors must accompany trips and all staff must review the safety plan prior to the trip.

Counselors should have the skills and expertise in the camp activity (canoeing, rock-climbing, etc.) to handle any emergency that might arise. Ask whether the camp has conducted similar trips in the past without incident.

In New York State, the drivers of camp vehicles must be licensed and at least 18-years-old. Seat belts must be worn when provided and vehicle capacities not exceeded. When transporting children in a truck, only a truck cab can be used.

Sports and Activities

How are activities in craft shops supervised, especially when campers are using dangerous tools, such as power saws and lathes? Are archery and rifle ranges at a safe distance from activity centers? Are spectators protected at baseball fields and similar areas? Do players wear protective equipment?

State regulation requires that archery, riflery and horseback riding be supervised by counselors with special training in those activities.

Fire Safety

Are there periodic fire drills for both campers and staff? Does each floor of every building have fire exits in two different locations? Are flammable materials (gasoline, pool chemicals, etc.) stored away from activity centers and kept under lock and key? Are functioning smoke detectors located in every sleeping room?

All of the above are mandatory in New York State.

Location and Facilities

Are barriers erected against such natural hazards as cliffs and swamps? Are foot trails located away from such dangerous areas and from heavily traveled roads and highways? Do the camp facilities (bunks, bathrooms, mess hall, recreation facilities) meet your aesthetic tastes and those of your child? Is the camp located in an area that will not aggravate your child's allergies? Will your child be required to perform chores, such as cleaning or cooking?

For information on the camp's location and facilities, visit the camp or interview the camp operator by telephone, prior to making a decision to enroll your child at the camp.

Nutrition

Are good health practices observed in the camp kitchens, dining areas and food services? Does the camp serve food your child likes?

At camps in New York State, food must be prepared from inspected sources. Food preparation and handling activities are reviewed to assure safe and sanitary practices. Kitchen employees must be healthy and follow hygienic practices. Potentially hazardous food must be maintained below 45°F or above 140°F.

Rights and Responsibilities

The regulatory program of the New York State Department of Health places specific responsibilities on camp operators, and on local health departments that enforce department regulations. Following is a summary of rights and responsibilities:

Rights of Parents and Guardians

- To be informed by the camp director, or his or her designee, of any incident involving your child, including serious injury, illness or abuse.
- To review inspection and investigation reports for a camp, which are maintained by the local health department issuing the camp a permit to operate (present and past reports are available).
- To review the required written camp plans. These are on file at both the camp and the health department issuing the permit to operate.

Responsibilities of the Camp Operator

- To inform you and the local health department if your child is involved in any serious injury, illness or abuse incident.
- To screen the background and qualifications of all staff.
- To train staff about their duties.
- To provide supervision for all campers 24 hours a day at overnight camps, and during hours of operation for day camps.
- To maintain all camp physical facilities in a safe and sanitary condition.
- To provide safe and wholesome meals.
- To have and follow required written plans for camp safety, health and fire safety.
- To notify the parent or guardian, with the enrollment application or enrollment contract, that:
 - the camp must have a permit to operate from the New York State Department of Health or the designated permit-issuing official;

- the camp is required to be inspected twice yearly; and
- the inspection reports and required plans are filed (address of state, county or city health department) and available for their review.

Responsibilities of Local Health Departments

- To review and approve the required written camp plans for compliance.
- To inspect camps to assure that: (1) all physical facilities are properly operated and maintained; and (2) adequate supervision exists to provide a healthy and safe environment in accordance with the New York State Sanitary Code.
- To issue a permit to operate when the required plans and inspection results are satisfactory.
- To investigate reports of serious incidents of injury, illness and all allegations of abuse or maltreatment.
- When requested, to provide parents or guardians of prospective campers an opportunity to review inspection reports and required plans.

The time and effort spent in selecting the camp your youngster will attend is important. Keep in touch, especially if it is your child's first camp experience. If possible, visit the camp before and during the camping season.

Information

For further information about New York State health laws relating to summer camps, call the State Health Department's Bureau of Community Environmental Health and Food Protection in Troy at 1-(800) 458-1158, ext. 27600.

Children's Camps in New York State

In New York State, summer camps must have a state, city or county health department permit to operate legally. These permits are issued only if the camp is in compliance with the state's health regulations. The permit to operate must be displayed in a conspicuous place on the premises.

The camp must be inspected twice yearly by a health department representative. At least one inspection must be made during the time the camp is in operation. Each camp is checked to make sure that the physical facilities are safe and that supervision is adequate.

When choosing a summer camp for your child, consider the following:

Staff Credentials/Supervision

What are the qualifications of the camp director?

The New York State Health Code requires that the director of an overnight camp be at least 25-years-old or hold a bachelor's degree; a day camp director must be at least 21-years-old.

All directors must have experience in camping administration or supervision. Camp directors' backgrounds are screened by the Office of Children and Family Services Central Register Database for reported incidents of child abuse and maltreatment. Their backgrounds are also screened by the Health Department for criminal convictions. Only individuals who are considered to pose no risk to campers are accepted by the Health Department as camp directors.

What are the qualifications of the camp counselors and how are campers supervised?

Counselors must have experience in camping and supervision of children or have completed an acceptable training course. Stringent counselor-to-camper ratios and staff qualifications are mandated for supervision of swimming, archery, riflery and camp trip activities.

At overnight camps, 80 percent of the camps' counselors must be at least 18-years-old; up to 20 percent may be 17-years-old. There must be at least one counselor for every 10 children aged eight years or older, and one

counselor for every eight children younger than eight years old.

At day camps, counselors must be 16 years of age or older. There must be a minimum of one counselor for every 12 children.

Camps that must provide at least 10 counselors may choose to use counselors-in-training (CITs) to meet 10 percent of the required number of counselors. These CITs must be at least 16 years of age at an overnight camp and 15 years of age at a day camp. They must work with senior staff, have had previous experience as a camper and complete a training program. Ask the camp operator if any of their counselors are CITs and how they are used to supervise campers.

Ask about the camp's staff and supervision procedures, including discipline policies. Do they meet your expectations?

Health

Ask about medical coverage and when you will be notified if your child becomes ill or injured. Is a doctor or nurse in residence or on call for campers at all times?

Physicians or nursing services must be available. All summer camps in New York State are required to have a health director and a written medical plan approved by the Health Department. The written plan must include, among other things, provisions for medical, nursing and first aid services. Injuries and illnesses must be reported to the Health Department and are thoroughly reviewed.

Does the camp require medical records for campers?

Camps must keep current medical history reports on file for all campers. Be sure to detail your child's history of immunization, illness, disability or allergy. Specify special diets and activity restrictions. Provide instruction for any medication your child must take.
