

Present: Commissioners Kristina Carr, Dave Hattenbrun, Lisa Jerkowski, Claudia Joseph, Frank Klepeis, Kieran Kiggan-Casey; Recreation Clerk Dorene Whitaker; Town Board Liason Ashley Sweeney.

Absent: Commissioner Reta Sorge.

The meeting was called to order at 7:20 pm.

OLD BUSINESS:

1. February meeting minutes: K. Liggan-Casey moved to approve the minutes from the February 2023 meeting. Seconded by L. Jerkowski. All in favor.
2. Community Series: K. Carr reported that the series is complete and had good turnout at all 3 events. Suggestions for future events are welcome.

NEW BUSINESS:

1. Rec Center Solar Panels: K. Carr reported that she is again researching an assessment of the solar panels on the Pavilion which are now 20 years old. Marbletown and Rosendale are researching a solar system at the Rondout Municipal Center, and she plans to ask the company which evaluated that building to assess our system.
2. Rec Center Rental Applications: Several updates to the application were discussed. Commissioners requested more time to review the current application and therefore further discussion was tabled until next month.
3. Ballfield lighting issues: D. Whitaker reported that the utility pole which was recently leaning, requiring temporary stabilization, blew over during this week's high winds. An electric company came urgently and removed the pole. They were asked to submit a quote for replacement of all poles and lights in the field.
4. Pool 2023: D. Whitaker reported that preparations are in the early stages. Lifeguard positions will soon be posted. The Swim Team contract is being re-negotiated. The lap pool is under contract to be repaired this spring.

The meeting was adjourned at 8:45 pm. The next meeting will be April 19, 2023.

Respectfully submitted,

Kristina Carr, Chair
